

Texas Educator Certification Examination Program Getting Started

Creating a Testing Account Registering Scheduling Your Exam

Creating Your Pearson Testing Account

Texas educator candidates using the Pearson website for the first time to register and schedule to test will need to create a Pearson testing account. Once your new Pearson account is created, any Texas educator examination testing history you may have since 2006 will be available in your Pearson account. This includes your prior score reports.

To create a Pearson testing account, you will:

- **Specify a permanent email address to use as your username.** Do not use an email address that is temporary, such as one associated with a college or district affiliation to which you may not always have access.
- **Create a password.** Passwords are required to be between 12 and 30 characters and must contain at least one upper case letter, one lower case letter, and one digit and be sufficiently complex. Spaces and the following special characters are not allowed "&=""<>\\[]-".
- **Create a security question and answer.** Your security question will be used to verify your identity should you need to change your password.

Account Information

Please provide the following information to create your account.

All email correspondence from Pearson will be sent to the email address that you indicate. Use a **permanent email address**, not an account such as one associated with a college or district affiliation to which you may not always have access.

Registering for an Exam and Scheduling a Test Appointment

In the Pearson system, **registering** for an exam is separate from **scheduling** your test appointment.

- Before registering for an exam, you can [use the seat availability tool](#) (use [this link for language exams](#)) to confirm that there are available appointments at locations and on dates and times convenient for you.
- You may schedule your testing appointment when you register, or at a later time.
- You may reschedule or cancel your testing appointment, without any fees, up to 48 hours before your scheduled appointment date.
- You must schedule an appointment and test within 170 days of registering for an exam.
- If you withdraw your registration, you will be refunded your exam registration payment, minus \$25. The Texas.gov funds are not refundable.

Registering for an Exam

To register for an exam, choose the “Register” option on the [Texas Educator Certification Examination Program website](#). If you have not yet created a Pearson testing account, please do that first. Then, once you have signed in to your Pearson testing account, you will be ready to register.

If you are a first-time testing candidate, you must go to the TEA website at www.tea.texas.gov (click "ECOS for Educators" on the top toolbar) and create a TEA Login (TEAL) account. When you create your account, you will complete an Educator Profile and obtain a TEA ID number.

Please enter the following information so that your TEA Educator Profile can be accessed. Please note:

- You must enter the information exactly as it appears in your Educator Profile on the TEA website.
- If you need to update your mailing address, phone number, or email address, you must do so through your Educator Profile on the TEA website [↗](#).

Check Out

You may now schedule your testing appointment, or you may choose to complete this step at a later date. Testing appointments must occur within 170 days of registration.

Scheduling a Test Appointment

Before registering for an exam, you can [use the seat availability tool](#) (use [this link for language exams](#)) to confirm that there are available appointments at locations and on dates and times convenient for you.

When you are ready to schedule your test appointment or if you need to change your test appointment, choose Schedule or Reschedule/Cancel in your Pearson testing account.

1. **Select one or more exams to schedule.** If you have registered for two exams, you may schedule them in back-to-back appointments on the same day. After selecting the first exam, click the button to “Add another exam to take on the same day.”

If you do not select this option now, you will not be able to add a second exam later and you will not be able to take both exams back-to-back.

2. **Search for available test center appointments.** You can explore available appointment dates for any particular test center by clicking the calendar icon in the applicable date field. Available appointment times for selected dates will appear in the adjacent dropdown menu.

The screenshot displays two test center listings. The first listing is for 'Pearson Professional Centers-Houston (Uptown) TX' at 1333 West Loop South, Suite 1475, Houston, Texas 77027. It features a calendar for September 2021 with the 22nd selected. To the right of the calendar is a dropdown menu showing '08:00 AM' and a 'Book' button. The second listing is for 'New Horizons Computer Learning Center' at 4801 Woodway Drive, Suite 210-West, Houston, Texas 77056. It shows 'No dates found' in a box with a calendar icon and a prompt to 'Select a date to find appointment times.'

Note: The test center results are listed in order of closest proximity to your provided address information. You can view more testing locations by clicking the “Show more” button.

You can also see which test centers have available appointments based on your preferred testing date. Click the “Advanced” button next to the “Search” button to conduct this search. You will have the option of searching for appointments that are available “As soon as possible” or “Near a specific date”. Your search results will list test centers that meet your specified date criteria.
